

April 3, 2013

Dear Deborah,

As you know Ambassador Bible Center is an institution of higher learning for the study of God's Word. Before we can grant our certificates of completion at ABC we expect students to be in regular attendance at all classes.

You have missed so many classes during the ABC school year (with no attendance at all for about the last two or three weeks alone) that it is clear that you are either disinterested or unable to meet our minimum requirements needed to graduate.

"Students are expected to make progress toward completion of the ABC program, by regular attendance. The administration reserves the right to dismiss any student who is not making progress through the program." (ABC Attendance Policy).

After much consideration, we regretfully inform you that because of your lack of attendance and other reasons that we have previously discussed, that you are no longer enrolled as a student at Ambassador Bible Center and will no longer be permitted to attend any classes or functions at ABC.

We wish you no ill and hope that you will find personal fulfillment in your future endeavors.

Sincerely,

Gary E. Antion, ABC Coordinator

Background to the letter to the Philippians
